

Programme Kick-off 2021

The 2021 Kick-off will take place remotely on Monday and Tuesday 25–26.1. The event is aimed at student union board members and staff, as well as SAMOK's stakeholders. More detailed information about the contents of the parallel programmes will be released later.

Monday 25. 1. 2021

9:00 **Joint opening of the event**

9:15 **Introduction to SAMOK**

What is the purpose of SAMOK? What do we actually do? Who are this year's board members, and who works at SAMOK's office? During the opening section of the event, SAMOK's staff and board members introduce themselves and talk briefly about their roles within SAMOK. We will provide the student unions with a concise elevator pitch which they can use to tell students about SAMOK in a succinct and clear way.

9:30 **Meet our partners**

10:00 **Parallel programme 1**

In the first parallel programme you will be introduced to the theme of your choice, and in the two subsequent sections you can deepen your knowledge as the topic is examined from different perspectives by the trainers. You can find more information about the tracks of the Kick-off in a separate brochure which will be sent out with the invitation.
